### PREMIER'S LONDON PARLEY.

### BONAR LAW'S THORNY PROBLEM.

### FRANCE'S QUID PRO QUO.

LONDON, December 10.

Although yesterday's conversations at the premier's conference in London were technically merely an exchange of views as a preliminary to the Brussels conference, they were of the gravest character because a conference at Brussels is impossible unless a preliminary agreement is reached.

Secrecy is officially maintained regarding the nature of the discussions, but well-informed quarters declare that they were of a very vigorous nature, chiefly owing to the French demand for minimising or occupation of the Ruhr, coalfield and cancellation of European inter-allied debts in return for the grant of a moratorium to Germany.

The Observer's diplomatic correspondent says that Mr. Bonar Law yesterday was faced by one of the most baffling problems that ever confronted any Premier, namely the alternative of refusing a proposal which would mean a European disaster or breaking with France. The correspondent adds that yesterday was one of the thorniest days since the armistice. Precisely because these crises have progressively worsened during the past four years it was recognised that a decision could no longer be postponed. The best that could be said of the discussions yesterday was that they were to continue and therefore there is still hope. It is noteworthy in this regard that there have been suggestions in the French press recently that France is willing to give way to a certain extent to the British viewpoint at Lausanne in return for a British concession on the French attitude in regard to the Ruhr.

### THE GERMAN PROPOSALS.

LONDON, December 10.

Reuter learns from a well-informed quarter that the main proposals of the German note presented to the allied Prime Ministers this morning are as follows:—The German government intends to carry out the proposals contained in its note to the Reparations Commission on November 14, firstly by undertaking, if necessary, the stabilisation of the mark forthwith, utilising Germany's own resources in connection with it; secondly by substituting for current obligations under the Treaty of Versailles for the next few years internal and external loans, the proceeds of which will be paid over immediately to the Reparations Commission, except that part of the internal loan will be devoted to Germany's own needs, especially the stabilisation of the mark. It is suggested that the arrangement should cover at least two years but not more than five years.

A Belgian source confirms the above and says the external loan will be three milliards of marks. The internal loan has not been fixed amount but half of it up to milliard and a half is to be devoted to reparations and half to the stabilisation of the mark.

### GERMAN NOTE FALLS PLAT.

LONDON, December 8.

Signor Mussolini interviewed by Reuter said that the allies were united in rejecting the German reparations note. Signor Mussolini said the note made an entirely negative impression on the conference and mentioned his own plan submitted to the conference favoured reduction of the total reparations "if our debts are reduced".

He said there was no question of repayment of debts. His proposals were for guarantees solely economic and productive. He was optimistic in regard to the outcome of the deliberations.

### CONFERENCE MAY RESUME TO-DAY.

LONDON, December 10.

The allied Premiers in London studied the German note and allied debts and the question of guarantees during a three hours session in the afternoon and will probably meet again tomorrow, prior to which the British cabinet will meet to discuss the progress of the negotiations. It is understood that the German proposals are largely based on the report of the inter-allied commission of investigation in Berlin.

### CARRIED OVER THE BORDER.

CHINESE OFFICER'S EXCUSE.

On Saturday afternoon, the police arrested second class passengers on a train from Canton to Hongkong. The 3 o'clock express from Canton had just gone into the station when a man was taken to the station and kept in custody. One man was found to be in the possession of a Mauser pistol. The man, who was wearing ordinary clothes and carrying an overcoat, wore on his breast a metal tab to the charge, and was in the

suspended by a piece of ribbon. He was a member of the Chinese Army. He had intended to travel in Chinese territory only, but missed his station and was

detained on across the border.

In his pocket was found a license to travel for 2.16 to tomorrow afternoon.

## BIG CANTON FIRE.

## OVER 150 HOUSES GUTTED.

## THREE LIVES LOST.

## DAMAGE CLAIMS REPORTED

\$1,000,000.

CANTON, Dec. 11.

Canton's Western Suburb has suffered another disastrous fire. This blaze, which broke out in the early hours of Saturday morning, covered seven streets (some parallel to one another and others running crossways), gutted 150 houses and caused three deaths.

The fire originated in the 2nd. section 9th. Police district No. 24 Tuck Hing Street. Spreading with great rapidity along the street its progress was unchecked and block after block became involved. The fire fighters, with primitive equipment and hampered by low water pressure could not stop the flames. Within a short time Luen Hing, Hing Loong, Tung Man, Sap San Hong, Yung Kwong and Sun Key streets were alight.

A few years ago, one or two of these streets together with other parts of the Western Suburb were involved in a double calamity, the salient features of which were a flood reaching over first-floor levels, a fire originating (with the streets full of water) in the kerosene and firecracker streets, and simultaneous collapse of blocks of houses.

On Saturday morning it was feared that with the buildings being so dry and a strong wind blowing, the firecracker and kerosene streets might again be involved. In close proximity is Sap Pat Poo and Sap Chut Poo where Canton's biggest business houses and emporiums are situated. If these two streets had been burned down, the damage would have been enormous. As it is, the insurance underwriters are expecting to pay about \$1,000,000 in claims.

The Casualties occurred in the house opposite the fruit shop where the fire originated. It was about half past one when an alarm was raised and the daughter-in-law of the fruit shop master who lived in the house opposite his premises was cut off at the door by flames which had enveloped the staircase. She perished with her two small daughters and their charred remains were later recovered.

Not till late in the day was the area cut off and the adjoining streets saved. As the houses were not very substantial most of them were completely gutted.

## STOLEN DOG STORY.

A rather unusual case of theft was heard by Mr. R. E. Lindell this morning.

The subject of this charge was a bull terrier and the defendant was a street coolie living in a coolie-house at No. 5, Sai Street. His arrest followed a visit to the house by a Chinese detective in search of illicit opium. The detective found the carcass of a dog in a basket in the kitchen. It was cut in sections and dressed ready to be cooked for food. He enquired who had slaughtered the dog and some of the other coolies pointed out the defendant. At the police station defendant said he had found the dog on the Praha, but denied that it was wearing a collar. The detective was sent back to the house and returned with a collar, the number on which corresponded with a licence taken out by Lieut. White of the King's Regiment. Lieut. White was sent for and identified the carcass as that of his bull terrier.

Sentence of three months' jail was passed.

## "SUI AN" ENQUIRY.

## O. S. P. GIVES EVIDENCE.

The "Sui An" piracy Commission have not as yet completed the evidence of their enquiry as at this afternoon's sitting four other witnesses were examined, the evidence dealing chiefly with the piracy regulations from the police point of view.

Mr. E. D. C. Wolf, Captain Supt. of Police, was questioned at length on the regulations as they applied to the "Sui An" at the time of the outbreak. The chief points of his evidence dealt with the arms, baggage and searching regulations. He was perfectly satisfied, he said, that the searching of baggage was most efficient and pointed out that since the piracy regulations were introduced in 1914 only two boats had been pirated. He continued to say that the "Sui An" had been inspected by the police but even if it had not he would not have been unhappy as the captain of the "Sui An" was one of the best the police had known and they were satisfied with the way in which he looked after his guards. He was of the opinion that the pirates did not intend to hold up the ship for what they wanted from the passengers but because of the information they had received that money was on board, and it was in consequence of that, they made the attack.

## DANGEROUS INSTRUMENT.

## FILIPINO MUSICIAN JAILED.

A Filipino named Agilio M. Sison, an unemployed ship's musician, was charged before Mr. R. E. Lindell this morning with the unlawful possession in Nathan Road, Kowloon yesterday, of a revolver and five rounds of ammunition.

Defendant, who was arrested by Sergt. Stimson on information, said that the co-accused belonged to a man employed on the "President Jackson," who wanted to trade it with him for the suit of clothes he was wearing. This (the defendant) refused to do. Afterwards he met a Portuguese who wanted to buy a revolver, so he went on board and took the revolver ashore to show it to the would-be purchaser. He was on his way to the Portuguese man's house when he was arrested.

Sentence of six months' jail was passed.

## HONGKONG DEFENCE.

## TWO NEW WARSHIPS.

H. M. S. "Diomedes" (Captain G. Hopwood, C. B. E.) and H. M. S. "Petersfield" (Commander A. S. May O.B.E., M.V.O.) are two new warships which arrived in Hongkong harbour on Saturday morning. The former vessel is a light cruiser of the same type as the "Despatch" and the "Durban" and is replacing three older vessels: the "Cairo," "Carlew" and "Colombo" while H. M. S. "Petersfield" takes the place of the yacht "Alacrity" which has gone home for disposal. Commander May has had a wide and varied career with the Grand Fleet having held the appointment of Senior Lieutenant during the war and eventually graduating to the post of Junior Commander of the "Valiant." He has also served as an assistant to the Director of Naval Ordnance at the Admiralty.

(Reuter's Service to the China Mail.)

## THE NAVAL POSITION.

LONDON, December 10th.

Commenting on the Naval position, the *Sunday Times* declares that the country is perturbed by the amazing sequel to the Washington conference. Great Britain, the United States and Japan signed and have ratified the treaty, but France and Italy, who signed the Treaty have not ratified it, and possibly will never do so. Consequently the Treaty, so far, is null and void. Great Britain regarded the Treaty as binding, but now finds herself relatively weaker at sea than ever before. The lapse of the Treaty will find Britain about equal to Japan in capital ships and decidedly inferior to the United States.

The paper urges the Government to immediately construct the two new ships permitted by the Treaty and approved by Parliament, declaring that the navy and mercantile marine are the two things that Britain cannot let down.

## ALLIED PREMIERS' CONFERENCE.

London, December 9th.

The Conference of Allied Premiers has opened at Downing Street. Mr. Bonar Law, M. Poincaré, Signor Mussolini and M. Thieuvin were present.

It is understood that the first day's business of the Premiers' Conference proceeded smoothly. It was confined to the political aspects of the reparations and inter-Allied debts questions.

No experts were called in. The discussions will be resumed to-morrow.

WASHINGTON, December 9th.

It is authoritatively announced that the United States Government is in nowise participating in the London Premier's Conference as it is pointed out that the United States is precluded from the discussion on European debts.

It is therefore expected that nothing relating to the project will come before the Government until there is some indication of the Allied Premiers' intention to call a conference at Brussels.

LONDON, December 9th.

The German reparations expert, Herr Bergmann, has arrived in London, presumably with the object of explaining Germany's latest proposals to the Allied Premiers.

London, December 9th.

No conference was held this morning owing to the Prime Ministers having been invited to visit His Majesty the King. Signor Mussolini had a short interview with Mr. Bonar Law.

The Italian experts worked all night long on Premier Mussolini's plan.

The conference will resume at three o'clock this afternoon, when Mr. Bonar Law will submit the Note handed to the British Foreign Office last night by Herr Bergmann, the German reparations expert.

CARPENTIER AND SIKI  
TO MEET.

PARIS, December 9th.

Georges Carpenter has telephoned to *Le Matin* accepting, in principle, the French businessman's offer of 300,000 francs for a return fight with Siki, the Senegalese boxer. All the money is to be given to scientific laboratories.

Siki writes stating that he is willing to meet Carpenter for the sake of his honour, and agrees to the businessman's conditions.

AMERICAN DISARMAMENT  
CONFERENCE.

WASHINGTON, December 9th.

The apparent collapse of Brazil's move for a Tripartite Disarmament Conference with Argentina and Chile, has caused a sensation in diplomatic circles at Washington. It is believed that this may seriously handicap the general Disarmament negotiations, expected to take place in March at the meeting of the pan-American union at Santiago.

## M. CLEMENCEAU IN AMERICA.

WASHINGTON, December 9th.

Speaking before a distinguished company of diplomats and other officials, M. Clemenceau pleaded for greater participation by the United States in the world's affairs. He interpreted an extract from President Harding's address to Congress as an overtone. He was looking towards a European rapprochement, for which he hoped, President Harding's words were—

"The Four Power Pact, which abolishes every probability of war in the Pacific, has brought new confidence in maintained peace. I can well believe it might be made a model for like assurances wherever in the world any common interests are concerned."

Reverting to the early days of the war, M. Clemenceau paid a tribute to the same breach to British and American soldiers, although he added, "the Americans were a very long time coming."

CHINA HOUSE FRAUD  
CHARGE.

London, December 9th.

The Chancery Court has appointed a receiver of the "China House" Knightsbridge, the premises occupied by Edwin C. Enver.

The names of the following companies, of which Enver is alleged to be the managing, appear on a brass plate at the entrance to China House:—Sumatra Jute, Rubber Estates, Shavegyn Rubber Plantations, Prudential Land Society, Anglo-Chinese Trust, Mercantile Co-operation (Corporation), British Co-operation, British India Oil Company, and the Golconde Metal Company.

A telegram dated London December 9th, stated that Edwin Alexander Enver, Director of a number of companies, who is believed to have promoted some companies connected with the Far East, and William Henry Bennett, were charged by Westminster Police Court with conspiracy to defraud. Enver was remanded on bail of £1,000. Enver was refused bail. The Magistrate remarked that large sums appeared to be involved.

Senator W. J. Harris,  
Adviser to Governor T. W. Hardwick

Governor Thomas W. Hardwick, who was soundly beaten in the primaries to select a successor to the late Thomas E. Watson, junior U. S. Senator for Georgia, has issued a statement denouncing Dr. William J. Harris, senior Senator from the State, as a "liar" and "coward" and offering him "any satisfaction" he wishes. The controversy arose over the election.

Miss Lillian Gatlin, founder of the National Association of Aviation Gold Star Mothers, has arrived in New York, having flown entirely across the United States from San Francisco in U. S. Mail airplanes, the actual flying time being twenty-seven hours and eleven minutes. She will fly to Washington to launch her plan for a memorial day for aviators.

Dr. Marcus B. Heyman, Superintendent of the Manhattan State Hospital for the Insane, on Ward's Island, East River, New York City, is sure that brain cells can be aided, and perhaps cured by music, and he arranged a musical for the benefit of the violent insane. Miss Ethel Tommings being selected as soloist because of her clear soprano voice. When she began to sing there was much disorder among the insane, but it ended instantly as she uttered her first note, and the otherwise violent patients became docile and easily managed.

Mrs. Josephine Kryl, White and Paul Taylor White

Miss Josephine Kryl, daughter of the famous millionaire Chicago bandmaster, was offered \$100,000 by her father if she would forego marriage and devote her life to her violin until she was thirty. Instead she married Paul Taylor White, Boston musician and composer, whom she met when both were studying under Ysaye.

Miss Bela Friedlich Drove, former student of the famous Prague University, is one of five girls sent to America for further instruction by the Minister of Education of Czechoslovakia.

Miss Helen L. Baughan, director of women's activities in the American National Liberal Alliance, who is making a canvas of the country declares America is 98 per cent "wet." She is travelling all over the nation, lining up women against prohibition.

These remarkable pictures show the burning, in mid Pacific, of the big liner "City of Honolulu" the rescue of her passengers and crew by the freighter "West Farallon", and the group of happy survivors huddled on the deck of the U. S. Army transport "Thomas", to which they were transferred to be brought back to America.

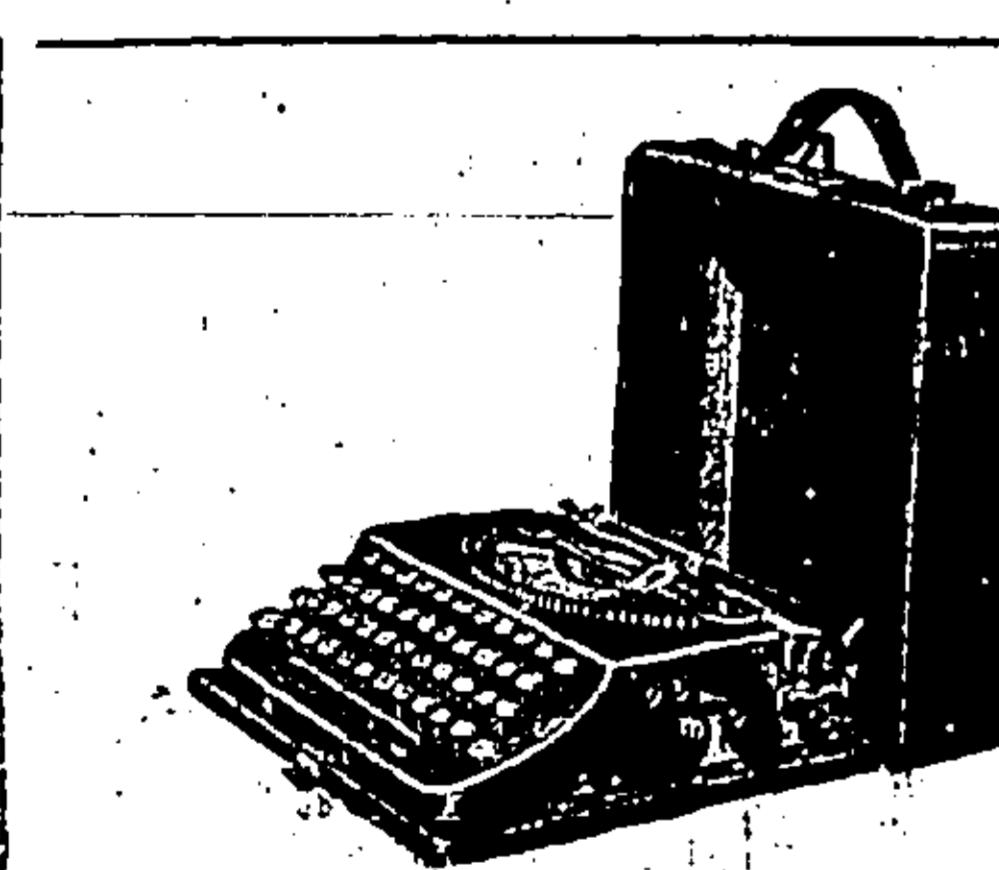

Petros Rabio, seventeen, lived in Smyrna until the Turkish soldiers kill his three younger brothers and carry off his sister. Later his father and mother were torn from him, and he believes they were killed. He declares his captors were trying to put him into a bag to drown him, when he escaped to an American torpedo boat destroyer.

Magistrate Edward Burke heard the charges of wife beating against Anthony Azakas and, after fining him \$10, left the bench and walked Anthony in the eye. Anthony took the count, but Judge Burke dragged him to his feet and knocked him down again.

"Now we'll see how he likes it," he said and resumed his judicial poise. His unique legal decision proved exceedingly popular.
